

Thank You Donors!

The Nature Conservancy's accomplishments are only made possible by the many individuals, organizations, businesses, and foundations that make financial contributions to our conservation programs. We are honored to recognize the following donors who made contributions of \$100 or more from July 1, 2022 through June 30, 2023. Everyone listed here has ties to Kansas. Some live here, others live elsewhere and prefer their gifts be used for projects in Kansas. In some cases, these contributions supported conservation in other parts of the world. We deeply appreciate every gift and regret that space constraints prevent us from listing all donors.
